

Pooled Financings

Miller Canfield attorneys are highly skilled leaders in all aspects of pooled financing transactions involving governmental entities and 501(c) (3) borrowers. We have drafted legislation to create pooled financing authorities and have participated in billions of dollars of transactions involving those entities. We consistently help issuers of pooled financing bonds and notes to navigate the complex rules and regulations imposed upon these type of financing transactions by federal law and federal agencies including the Internal Revenue Service, Securities and Exchange Commission and Environmental Protection Agency.

We have participated in pooled financing transactions for the following purposes:

- Clean Water Revolving Fund
 - Drinking Water Revolving Fund
 - School Loan Revolving Fund
 - Cash Flow Borrowings
 - Government Borrower Equipment Financing
 - 501(c)(3) Borrower Equipment Financing
 - Government Borrower Infrastructure Financing
-
