As a former police officer, detective and undercover narcotics officer, Kurt McCamman is in a unique position to serve his clients in his second career as a litigator. Having investigated every felony from burglary to sexual assaults to murder, Kurt learned through experience how to ask the tough questions and “read” people under the most extreme conditions imaginable. Now, as an attorney, he is able to get to the root of issues quickly and use those skills to better serve his clients. He is also adept at effectively communicating his clients’ positions to judges, juries and arbitrators.

*“The client comes first. I treat my clients like I would like to be treated.”*

Kurt P. McCamman

Overall, Kurt’s practice areas include labor and employment, commercial litigation, product liability and tort litigation, corporate discovery management, and civil rights defense. In particular, he has been doing considerable work for police departments in both labor and employment matters as well as defending police officers and police departments when they are sued in civil court for civil rights violations.

### EXPERIENCE

Kurt represented a man who had been falsely accused of committing very serious acts by a disgruntled former student. In addition to the potential negative exposure from the lawsuit, the client faced the loss of his livelihood as well as the possible estrangement of his wife and family. Relying on his extensive skills as an investigator, Kurt and his team successfully defended the client against the spurious claims, clearly establishing the fact that the accusations were unfounded.
