

## Meet some of our lawyers at Miller Canfield

### **Meet our 2011 Class of Summer Associates**

Many of our lawyers join us through our summer and student programs—either by accepting our offer to join the firm directly after law school, or by considering our offer during a judicial clerkship and joining us afterward. We fill our programs through on-campus and in-office interviews of first- and second-year law students, as well as through self-initiated contacts from students in quality law schools where we do not typically conduct on-campus interviews.

**View the most common questions about our U.S. Summer Associate program.** You are welcome to direct resumes or further questions to Michael P. McGee, Hiring Chair.

**We provide Summer Student and Articling Student opportunities in Canada. View some of the most common questions.** Inquiries about our Canadian summer student and articling student programs can be made to Peter Hand in our Toronto office or David McNevin in our Windsor office.
